

# PEST PROOFING

**BLOCK MICE, RATS, BATS, & WILDLIFE INFESTATIONS**

## We Don't Just Treat Infestations...We Prevent Them!

Rodent and wildlife infestations can cause all kinds of problems...from property damage to odors to potential disease. At RodentX, we not only rid homes and businesses of pests, rodents, and wildlife, we can prevent them from invading in the first place. Call RodentX today and our comprehensive pest-proofing services will help keep you safe and infestation-free.

### Attics & Crawlspaces

We can check for insulation damage or signs of infestation and repair/block access points.

### Roofs & Ridges

We will seal vents, caps, corners, gables, and other roofing issues.

### Chimney & Exhaust Vents

We can inspect for any vulnerable points and install screens or do repairs to prevent entry.

### Gaps, Cracks, Crevices, & Holes

Rodents can enter through holes the size of a dime. We can inspect and properly seal vulnerable spots.

### Windows

We'll check and fill broken window seals and cracks.

### Landscaping

We'll address issues presented by plants and vegetation.

### Ongoing Inspections & Prevention

We know where to look, how to evaluate, and how to treat issues that could lead to possible entry. Not only do we guarantee our work for a full year, we'll also come back weekly for the first month and quarterly thereafter to make sure your home is continually protected.

### Walls & Exterior Wires

Rodents are great climbers so we'll remedy areas where they could enter your home.

### Trees

We can trim trees that give access to entry points.

### Common Living Areas

We'll go through and around your home to search for more vulnerable points and make repairs or recommendations.

### Pipes & Utilities

We'll inspect and seal vulnerabilities where pipes and utilities enter and exit.

### Basement & Foundation

We will inspect your foundation and basement for any signs of rodents or vulnerable holes, cracks, and other potential entry areas. Our assessment will include inside and outside areas for maximum protection.

We guarantee our pest proofing services with a 1-year warranty and quarterly inspections!

## Keep Pests & Rodents Out...For Good
